

# AROMA ONE

by Clearlight®

Enjoy aromatherapy benefits in your sauna, home, or office with the Clearlight AROMA ONE® essential oil diffuser. The AROMA ONE Aromatherapy Diffuser uses ultrasonic, high-frequency technology to convert water and essential oil into a fine mist that is dispersed in the air.

**Benefits:** Aromatherapy can help improve sleep quality, manage pain, reduce stress and anxiety, soothe sore joints, relieve headaches and migraines, alleviate side effects of chemotherapy, ease discomforts of labor and improve digestion.

## Features

### Ultrasonic Technology

Utilizes high-frequency ultrasonic technology to convert water and essential oils into a fine mist, dispersing it evenly into the air.

### Enhances Healing and Mood-Setting

Perfect for sauna sessions, the AROMA ONE enhances healing and creates a calming atmosphere with its fine mist and soothing scents.

### Portable and Versatile

Compact and easy to use, the AROMA ONE can operate with a rechargeable battery or be plugged into an electrical outlet, offering flexibility in usage.

### Long-Lasting Performance:

Runs for approximately 4 hours when plugged in and about 2.5 hours on battery power, ensuring extended aromatherapy sessions.

### Perfect Capacity for a compact device

Features a 60ml water reservoir, ideal for its compact size and effective aromatherapy.

### Mountable in Your Sauna

The AROMA ONE diffuser can be mounted inside your Clearlight Infrared Sauna, integrating seamlessly with your sauna experience.

### Mood-Enhancing Light

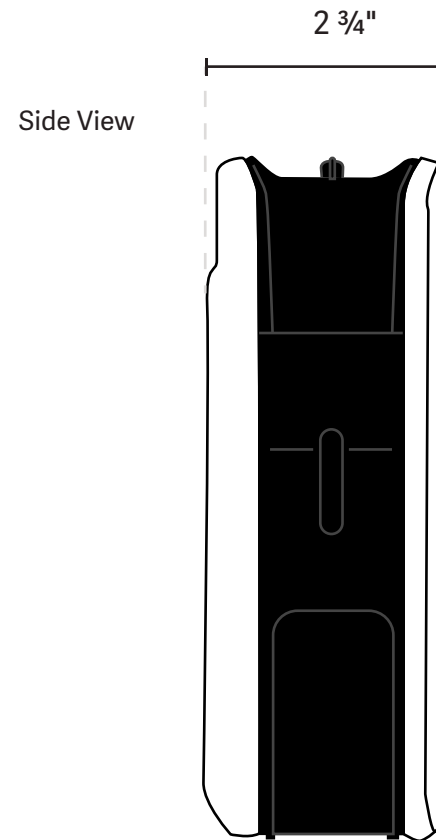

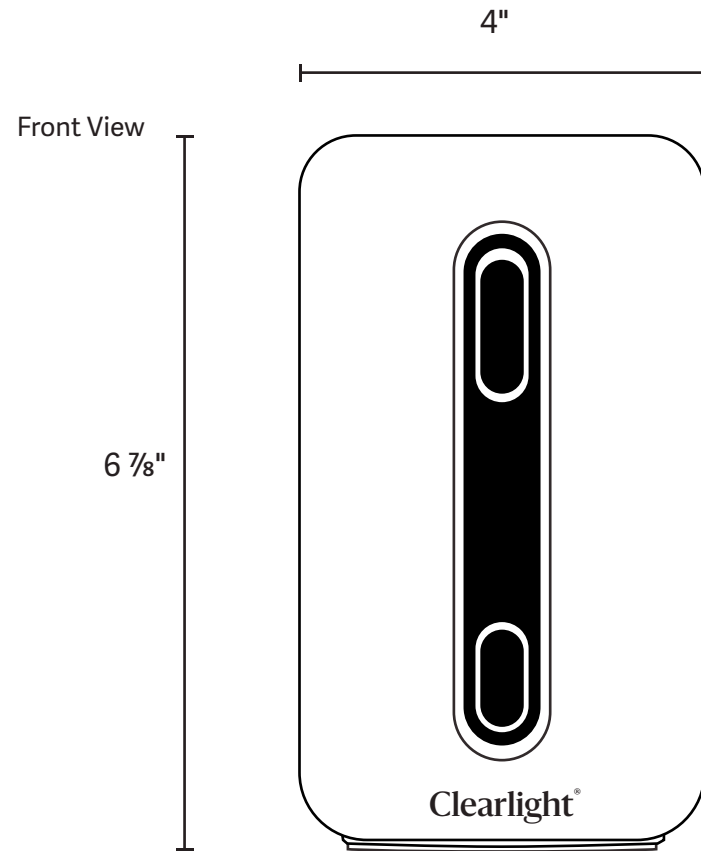

Includes a soft cyan-colored mood light to create a relaxing atmosphere, perfect for unwinding during or after a sauna session.

### Comprehensive Wellness Solution

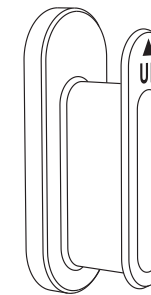

Incorporate the AROMA ONE into your wellness routine to enjoy the therapeutic benefits of aromatherapy anywhere, anytime.
